£45 for 45min appointment, available nationwide.

With an emphasis on voluminous height this up-do is powerful with a sexy touchable finish that's so wearable.

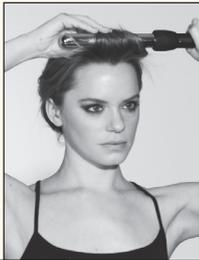

1 Start by prepping damp hair with L'Oréal Professionnel Tecni.ART VOLUME LIFT to add volume and bulk on top. Blow-dry hair, directing away from the face.

2 Take a horseshoe-shaped section from the top of the head and back-comb underneath. For added height sprinkle some L'Oréal Professionnel Tecni.ART SUPER DUST throughout the crown.

WHIPPED UP-DO

3 Tong the hair in the direction you want to dress the quiff, on top of the back-combed hair.

4 Take hair to one side and put a row of pins up the back of the head. Pin the other side of the hair into a pleat and dress out the top of the hair. Spritz the hair with L'Oréal Professionnel Tecni.ART AIR FIX for extra hold.

A nod to Marilyn Monroe and old school glamour with a hefty dose of cool girl edge. Remember to brush out the curls to keep it unfussy and effortless.

- 1 Prep hair with L'Oréal Professionnel Tecni.ART PLI and create a deep side-parting with a pin tail comb. Blow dry the hair under using a bristle brush.
- 2 Using a classic barrel tong, starting with the sides, take the top sections of hair and clamp the tong on the ends. Wind the barrel up, leave for 10 seconds and pin up if required. Repeat through the lower side sections of hair.

TIP: thicker sections of hair will make the style more modern, thinner sections will be more retro.

3 Once sides are tonged, repeat at back of head, again starting from the top sections and working down. After

pinning, allow hair to cool for 5-10 minutes depending on thickness of hair. Lightly spray L'Oréal Professionnel Tecni.ART AIR FIX for added hold.

4 Take pins out and brush each section out individually. Using a flat brush, brush all hair back and shake forwards. Back-comb the underneath sections of hair, leaving the top. Spritz hair with L'Oréal Professionnel Tecni.ART BEACH WAVE for added texture and hold.

VINTAGE CURLS

Worn by French fashion editors everywhere this Parisian undone wave is the must have hair for every girl in the know, flattering and so easy to wear.

- 1 While the hair is damp add L'Oréal Professionnel Tecni.ART PLI and then finger-dry the hair using L'Oréal Professionnel Tecni.ART CONSTRUCTOR for texture and hold.
- 2 Bend the fringe away from the face using a small round brush.

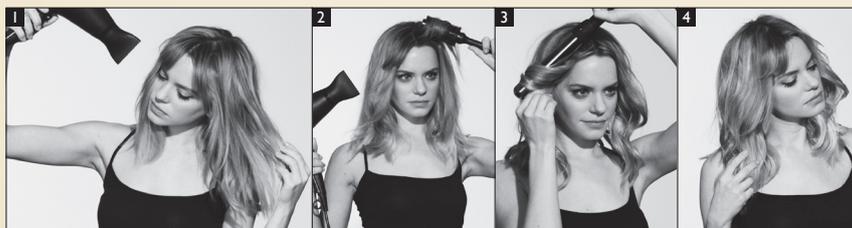

3 To create more texture, rope-wind the hair around a medium-sized tong away from the face. Working towards the back of the head, drop the tong lower and curl the ends.

4 Use fingers to dress out and finish the style – add a little L'Oréal Professionnel Tecni.ART BEACH WAVE for texture and hold.

You will need:

- L'Oréal Professionnel Tecni.ART PLI
