£45 for 45min appointment, available at Headmasters nationwide.

An absolute must in every hair wardrobe, the ultimate polished pony is perfect for any occasion from the office to after-work cocktails. Remember to tong away from the face to help create beautiful bends.

**1** Start by prepping damp hair with L'Oréal Professionnel tecni.ART VOLUME ARCHITECT for a satin like finish. Blow-dry hair using a small ceramic brush to aid natural volume at the roots while encouraging curl at the ends.

**2** Take a horseshoe section and pin away. Taking sections at the sides tong randomly away from the face (remember to pin and allow to cool. Repeat this with the top section but make sure you tong the hair away from the face. Add a mist of L'Oréal Professionnel tecni.ART ANTI FRIZZ to give extra hold.

**3** Begin brushing out the set using a natural bristle brush from the upwards from ends to roots to make sure you don't brush all of the curl out.

**4** Starting just in front of the crown, take small sections and using a backcombing brush tease the roots.

**5** Using your fingers rake the hair back into a pony tail between the crown and the nape and secure with a bungee. **Top Tip** - while securing the bungee tip your head back to make sure there is no sagging. To finish take a small piece of hair from underneath the ponytail and wrap around the bungee.

Tick both the trend led and practical boxes with this half and half up-do. Added volume from a high top pony keeps this look fresh and modern with more than a little oomph.

**1** Prep damp hair with L'Oréal Professionnel tecni.ART PLI to add volume and bulk on top. Blow-dry hair; smoothing from root to tip using a large ceramic brush.

**2** Using a large ceramic tong, take medium sized sections and tong away from the face. Pin as you go and allow to cool completely.

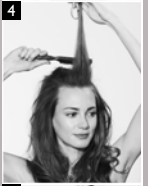

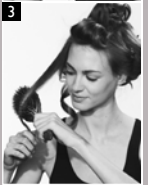

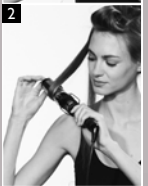

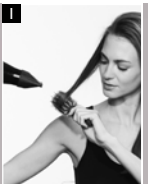

**3** Begin brushing out the set using a natural bristle brush from the upwards from ends to roots – to make sure you don't brush all of the curl out.

**4** Starting from the front of your hair; take small sections and using a backcombing brush tease the roots. Spritz each section with L'Oréal Professionnel tecni.ART AIR FIX for extra hold.

**5** Take a horseshoe section and smooth back into a ponytail at the crown using your hands for a natural finish and secure with a bugee. Finish with a generous dose of L'Oréal Professionnel tecni.ART BEACH WAVE to give it a lived in feel.

# MODERN MUSE

A classic with a new spin, mix texture with fly-away pieces around the face to keep this look super flattering for all face shapes.

**1** Start by prepping damp hair with L'Oréal Professionnel tecni.ART SCRUF ME UP to give a bit of bulk. Then blow-dry hair using a round natural bristle brush to plump the roots up while smoothing the ends.

**2** Use a large tong and tong away from the face remembering to pin as you go. Once cool brush out the set using a natural bristle brush, in an upwards direction from ends to roots, brush gently to keep your curls and spray with L'Oréal Professionnel tecni.ART AIR FIX.

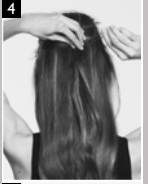

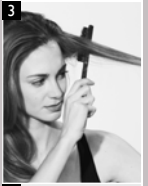

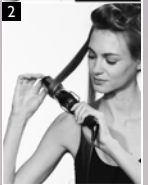

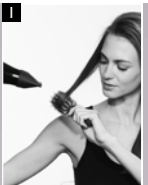

**3** Starting at the front of your head, take small sections at the side and tease the roots leaving the ends smooth.

**4** Take a horseshoe section and using your fingers, rake the hair back and pin below the crown. To increase texture at the root, add a little L'Oréal Professionnel tecni.ART DENSITY MATERIAL to fingers while you rake the hair back.

**5** Take the side sections and pull back as if to do a ponytail and twist the hair like a rope until it naturally pleats back on itself and pin. Top Tip: wiggle the pins as you go it will help weave them into the hair which will give a much stronger hold.
