

Super-fine Baby LIGHTS

Subtle shimmering colour can give *your whole look a lift, making your eyes sparkle* and skin glow. It gives you a *little polish without being obvious just like a dab of blush* and a touch of mascara.

Exclusive to Headmasters salons, this colour is for girls who like to pretend they have given mother nature no help. Ultra fine sections are woven through the hair and lightened for a subtle, shiny glow. Friends will comment on how well you look but will never be able to put their finger on what you have done!

From £65 at Headmasters salons nationwide

"Perfect for those that like their natural colour and want to enhance its natural tones."
