BEAUTIFUL, FASHIONABLE, CONFIDENCE-BOOSTING HAIR
We care about our image just like we care about yours. That’s why all the images you see in our salons, on posters, appointment cards and our website we have created ourselves. Our stylists cut, colour and style every strand on every head. We never use stock photography or images shot by product companies. We are proud of the hair our stylists create and we want to share it with the world.
Remember the quiz in the back of your old teen mag to find your perfect colour palette? You may even have had a colour consultation with a colour analyst – both seem a little passé now. However, HEADMASTERS have taken this colour theory, developed it and made it relevant for a new generation, creating the Colour Theory Consultation.

10 minutes in the chair with your HEADMASTERS Expert Colourist will visually determine your perfect salon colour.

Often the difference in whether a colour works on you really isn’t if it is blonde, brunette or red – it’s the difference between the underlying tones. Sometimes the revelation can be quite a surprise but often the tiniest tonal tweak can make a huge difference to how a colour works with your skin tone and eyes.

Using a specially developed colour wheel, cape and some well-collated mood boards, your perfect colour is now within easy reach. Book into your nearest HEADMASTERS salon today.

The Colour Theory Consultation is free with every colour appointment.
TISSUE LITES
Originally developed for discerning Parisian women, using special tissues instead of foils, this technique allows for a delicate blending of colour between highlights for a more soft focused, diffused impression.
Perfect for going blonder or adding natural tones back into lightened hair.
COMMITMENT: LOW/MEDIUM

BALAYAGE
This highly skilled technique allows your colourist to paint colour freehand where it will flatter you the most, highlighting your best features. The result is a beautifully bespoke colour. A favourite with blondes, but its equally gorgeous for adding richness to brunettes and interest to short cuts.
COMMITMENT: LOW/MEDIUM

HIGHLIGHTS
Using traditional foil colour is woven throughout the hair for a blended result. This method is perfect for lightening hair. It adds volume and depth to fine hair and texture to short styles.
COMMITMENT: LOW/MEDIUM

COLOUR WASH
This colour treatment maintains your colours beauty, removing brassiness from blondes, adding vibrancy back into reds and richness to brunettes.

LIGHT EFFECTS WITH MICRO-WAND

Ideal for every hair colour, Headmasters Light Effects with Micro Wand uses an ultra fine hair colouring wand (similar to a mascara wand) to delicately place fine lights along the soft baby fine hairs around the face.

Lifting and lightening where the sun naturally would to create a soft, illuminated effect for an altogether more real colour. Used in conjunction with traditional highlights or Balayage it fills the gaps between the hairline and root for a flattering, natural colour.

Complimentary with any other colour service, available nationwide.

SUPER FINE BABY LIGHTS

Subtle shimmering colour that adds the illusion of depth to fine hair. This colour is perfect for those who like to pretend they have given mother nature no help. Ultra fine sections are woven through the hair and lightened for a subtle, shiny glow.

UNIVERSAL COLOUR

Colour is applied all over to cover every strand of hair, root to tip. It’s a permanent tint so it won’t wash out and will cover 100% of white hair.

You can choose an Ammonia Free INOA colour, which is gentle on the hair and scalp and gives a luminous finish. Choose a vibrant colour change, stay natural, go lighter or darker.

COMMITMENT: HIGH

GLOSSING

Glossy by name and by nature, this colour acts like a deep conditioner with colour enhancing qualities. It gives a burst of shine whilst enhancing your natural colour, blending away first greys and washes out in 8-10 weeks.

COMMITMENT: LOW

PLANT BASED COLOUR

The perfect first colour, it enhances your natural colour to add more vibrant tones and serious shine. It lasts a maximum of 6 weeks.

Clever colour placement plays a huge part in the definition of your cut and really can make the difference. So HEADMASTERS have introduced THE COLOUR CURE, a simple guide to colour that enhances your cut and hair texture for a bespoke look that’s as individual as you are.

We’ve narrowed it down to the four main hair concerns: VOLUME, TEXTURE, CONTOUR and a CUT ENHANCER. The Colour Cures Collection works perfectly on all hair colours as they are only up to a couple of shades lighter or darker than your colour.

THE COLOUR CURE can be booked along with your regular colour service or as a standalone service. You choose up to four cures at the appointment.

**THE COLOUR CURE**
*Re-define your hair colour*

The ideal colour for anyone who has battled flat roots and limp ends.

**How it works:** Having one solid colour can make your hair look flat and lifeless, adding different tones will give your hair an extra boost. Your expert colourist will place lighter pieces under your parting, this will lift the hair giving the illusion of more space which creates the impression of volume.

**Perfect for:** all hair types but particularly fine and limp hair that needs a bit of a boost.

**CUT DEFINER**

Ideal if your have shorter locks and love to wear your hair straight, this look is perfect if you are looking to create lines and make the ends look fuller and stand out.

**How it works:** Your expert colourist will place a darker panel along the under edge of your cut to define the edges and create a shadow.

**Perfect for:** hair that has the tendency to look wispy and lack structure.

**TEXTURE ENHANCER**

A favourite with fashion elite, if you love undone hair with movement and tousled texture then this is the colour for you.

**How it works:** Your expert colourist will place colour that’s in contrast with your natural shade on the lengths and ends to emphasise every wave and bend. Perfect for every tone and shade, but the multi-tonal effect of colour is the key to this look.

**Perfect for:** every tone and shade, but the multi-tonal effect of colour is the key to this look.

**FACE CONTOUR**

Use this technique to define and enhance your features. Plus it will help brighten your skin tone.

**How it works:** Lighter pieces around your hair line will draw attention to your best features such as eyes and cheekbones. Your expert colourist will select the perfect tone for you, as a rule usually three shades lighter than your natural shade.

**Perfect for:** grown out fringes and haircuts with shorter layers around the face.

**BEFORE**
COMPLETELY GORGEOUS

Think of the beautiful colour seen on the Hollywood A-list—this is their secret! Using highlights and gloss colour to achieve a gorgeously blended, polished, chic all over colour. This technique gives complete coverage on all types of hair including white with a natural highlighted or low-lighted finish.

NORDIC BLONDE

A double process is used to achieve a beautifully pale blonde, first hair is lightened using the latest generation lightening products to protect your hair. Then toned for a bespoke finish, banishing brassiness forever. A choice of four pretty washes tone your blonde keeping it clean, bright and sparkling.

• Ice—An iridescent hue perfect for the cleanest, whitest blonde.
• Vanilla—Adds a soft gold blonde tone.
• Rose Gold—Ideal if you have warm undertones, it adds a hint of peach to your blonde.
• Biscuit—A little more natural with an incandescent shine.

Our Colour Wash is ammonia-free and work on strengthening and conditioning the hair for a high shine finish.

The experience and knowledge of an educated colourist turns this colour into something sophisticated and refined.

CONFIDENCE BOOSTING COLOUR

At every age.
An all over gloss combined with highlights is perfect for adding back natural colour to grey hair.
The re-growth is extremely minimal as it softens away as the hair grows out. The brightest shades are placed around the hairline to blend away white hair and then the rest of the colour is warmer using golden shades of blonde to keep a flattering.
The same formula can be used on brunettes and reds with decade dropping results.

BEAUTY FLASH LIGHTS

This new colour technique is the perfect remedy for over processed highlights. If your colour is too light or too blocky Beauty Flash lights will give your blonde a new lease of life.
Concentrating on creating light and shadow to mimic the effect of a beauty light on a photoshoot or an Instagram filter.
This rich palette of toasted tones will not only brighten your complexion but lift and define your features too.

OUR COLOURISTS

HEADMASTERS colourists are trained to the very highest professional standards. Every colourist is fully trained and all receive further education at our three HEADMASTERS ACADEMIES to keep their skills up to date with new product innovations and colour techniques.

Furthermore, HEADMASTERS have more L’Oréal Master Colour Experts per salon than any other salon group. To attain L’Oréal Master Colour Expert status, colourists have to attend an intensive training course and pass advanced practical and technical examinations.

We invest in colour training to guarantee you beautiful, confidence boosting colour every visit.

Our colourists are priced according to their level, their level is based on how long they have been at HEADMASTERS, except for L’Oréal Master Colour Experts who have attained the highest industry qualification in colouring.

THE RUNWAY BOB

Contouring with Colour

Headmasters expert colourists place colour two shades lighter and darker than your natural shade to enhance texture and movement throughout, especially focusing on accentuating cheekbones and jaw lines. It subtly contours and frames your face similar to using a bronzer and highlighter.

Using a new technique called Prisme, which uses triangular panels of colour rather than highlights to enhance volume at the ends rather than the roots to prevent the bob shape looking too round and helmet-like.

COMMITMENT: MEDIUM

HEADMASTERS supports TEENAGE CANCER TRUST

HEADMASTERS is proud to support the Teenage Cancer Trust, a charity dedicated to improving the quality of life and chances of survival for the seven young people aged between 13 and 24 diagnosed with cancer every day.

They fund and build specialist units for teenagers in NHS hospitals and provide dedicated staff. Traditionally, teenagers are treated alongside children or elderly patients, which can be extremely isolating, some never meeting another young person with cancer. Being treated alongside others their own age can make a huge difference to their whole experience.

We are committed to making a difference to the lives of young people with cancer through the work of Teenage Cancer Trust. Follow our progress and fundraising on Facebook and Twitter (@headmastersuk)
