DESTINATION HAIR

HEADMASTERS 

DESTINATION HAIR is the first collection from Andrew Barton with Headmasters, it fuses tailored cuts, rich colours, beautiful styling with a softness that is at the heart of the Headmasters signature style.

"Like the pared back wardrobe it's not a return to minimalism but in a time of fast fashion and overconsumption it's about getting the basics right, beautiful timeless hair that works everyday and whatever your DESTINATION HAIR.

Ultimately at HEADMASTERS it's all about creating beautiful, confidence boosting hair for our clients. I love to use bold colour or a strong simple silhouette but the most important thing is feeling confident with your hair, wherever life takes you, when you know you have great hair, that's DESTINATION HAIR".

DESTINATION *Brunette*

Detailed tailoring and a generous swept fringe that kisses the brow are the signatures of this classic cut. Combined with a cool glossy tone this suits smaller features, heart shaped faces shapes.

DESTINATION *Blonde*

The bob is back worn tousled and casually loose with textured lengths and soft face framing lengths around the face. Versatile for all face shapes with an all over creamy nostalgic Hollywood siren blonde vibe updated with modern multi-tones. Blow out for volume or wear sleek and polished it's super versatile.

DESTINATION *Colourful*

Tousled lengths are a beauty classic but this season we see them updated with a undone, relaxed off-duty finish. Cut with perfect tailored tips this maxi length cut is teamed with stunning kaleidoscope tones, navy, indigo and emerald hues, shining from under the parting and through the tips on ebony.

DESTINATION *Red*

RUBY RED is the colour of the season. Teamed with textured seamless layered lengths and worn shaken out and loose the hair moves freely with no sharp lines.
